

LET US DO THE DESIGN FOR YOU!

MEASUREMENTS

Measure the distance in centimetres on your staircase between the top and bottom, marked 'A' on the diagram below.

Measure the distance in centimetres on your staircase between the two posts, marked 'B' on the diagram below.

Handrail lengths (in mm), if you have more than one handrail on flight/landing please supply each length between posts separately. Please also detail the total number of steps (including top landing).

PHOTOS

You can supply one or 10 photos- but **please send no more than 2 per email to avoid firewall blocking large sizes**. We will need to see the total number of treads, the full newel posts on the flight and/or landing (if you currently have no balustrade just a view of the area). Please see examples:
